JAMES E. HARRINGTON SECRETARY

GEORGE E. WELLS, P.E. STATE HIGHWAY ADMINISTRATOR

N. C. Department of Natural Resources and Community Development Division of Environmental Management Groundwater Section Winston-Salem Regional Office Attention: Mr. John Stewart 8025 North Pointe Boulevard Winston Salem, North Carolina 27106

Dear Mr. Stewart:

On May 2-3, 1989, a closure assessment was performed at a UST location on our I-40, Winston-Salem Bypass project. These tanks were located at the intersection of US 421 and Jonestown Road. Laboratory analysis of samples taken in the pit excavation indicate petroleum hydrocarbon concentrations of less than 2 ppm. Those samples results are attached.

The pit will be backfilled with borrow material from another source. soil removed from the pit will continue to be aerated and monitored until such time that it can be incorporated into the project.

If more information is needed, please advise.

Douglas E. Howev

Hazardous Waste Coordinator

DEH/sdt
